SPECIAL TRADE OFFER

FROM

ALEXIS DALLIÈRE

VICTORIA NURSERIES

(Founded over forty years ago) GHENT (Belgium)

Officer of the Order
of Leopold

Officer of the Royal Crown
of Italie

Officer of the Agricultural
Order of Merit of France

Knight of the Imperial Order
of Russia

Administrative Member of The Royal Botanical Society of Ghent.

All articles are offered on the strict understanding that they are subject to being unsold on receipt of order and that all orders and agreements are contingent upon crop failures or shortage, accidents, delays of carriers or other delays unavoidable or beyond my control, and all travel at the risk of the purchaser. — First orders from unknown firms must be accompanied by a remittance or satisfactory references, accounts are payable at Midsummer and Xmas, unless other conditions have been agreed to, — 2 % is allowed for cash payments; no complaints are entertained except when made immediately on receipt of goods.

Being ably assisted by M^r A. L. LANGE, lately connected with the LOUIS VAN HOUTTE's family, during twenty-four years, and prior with E. G. HENDERSON & SON'S, London, for seven years, my english and american clients and those that intend favoring me with a trial order, may count upon prompt and careful attention.

Azalea indica.

My collection consists of the best varieties only, all inferior ones having been discarded.

Prized at all the Grand International Exhibitions.

Orders for these executed from September until March.

My selection will contain about 30 per cent of white flowering ones unless otherwise desired.

Compact heads on short stems, covered with buds, my selection, from 70/. 80/. 100/. and 120/. per 100.

Larger size, 100/. and 120/. per 100.

" " beautiful plants 140/. to 180/. per 100.

Specimen plants each from 5/. and upwards.

Size of head diameter on application.

Early orders for these are respectfully solicited so that the plants may be set aside.

Azalea Mollis.

These are offered in fine strong plants only, that is, I do not offer small plants at a cheap rate, these seedlings contain all colours and shades.

Plants with from 15-20 buds 60/. per 100.

" " " 20-30 buds 80/. per 100.

Hardy Ghent Azaleas.

Named varieties, good plants in bud, my selection, from 75/. to 100/. per 100.

Camellias.

To be had from Autumn until Spring.

Selection of the choicest varieties.

Strong plants from 1 to 1 1/2 ft high, with buds, including a fair proportion of whites.

My selection, from 100/. to 120/. per 100.

Without buds from 80/. to 100/. per 100.

Hardy Hybrid Rhododendrons.

Strong plants with buds, my selection, 100/. to 120/. per 100.

Stronger well budded, my selection from 4/. to 8/. each.

Palms.

All the plants are perfectly clean and in excellent condition. The height of these is taken with upright held leaves.
